DBR Series

DBR10 DBR12 DBR15

DBR10

10" 2-way Powered Loudspeaker

The DBR10 is the most compact model in its series and in its class. Capable of delivering a maximum SPL of 129dB from its compact enclosure, the DBR10 can be used as a utility speaker in a variety of environments.

DBR12

12" 2-way Powered Loudspeaker

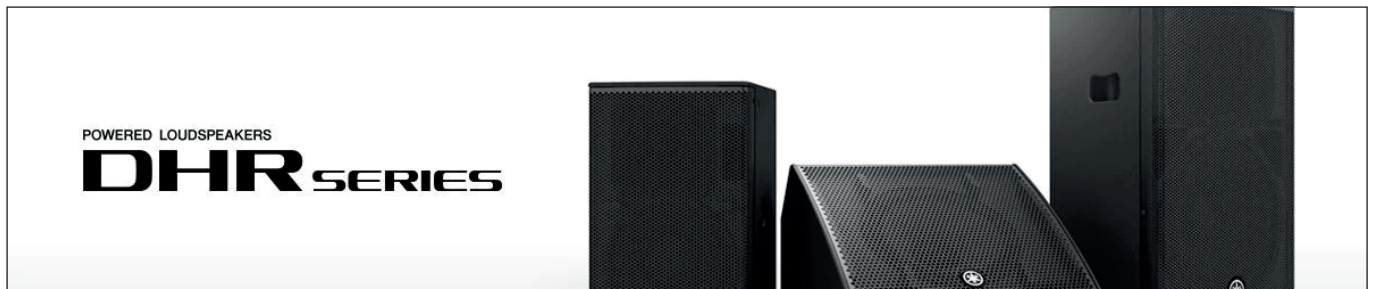

The DBR12 represents a perfect balance of size and performance, with 1000W of power and outstanding resolution at any output level. Ideal for front-of-house, floor monitoring applications or even the stage side fills, the DBR12 is an ideal choice for a wide range of applications.

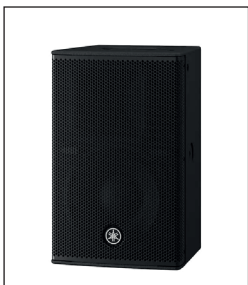

DBR15

15" 2-way Powered Loudspeaker

The DBR15 achieves best-in-class SPL of up to 132dB and delivers the lowest frequency in its lineup. The DBR15 delivers outstanding performance for the main front-of-house sound for the live performance or DJ events that require highly prominent low and more power.

POWERED LOUDSPEAKERS
DHR SERIES

DHR10

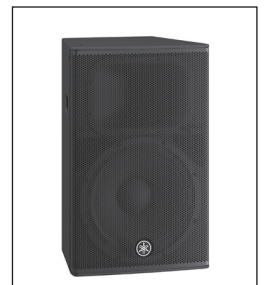

Powered Loudspeaker

The DHR10 is a 2-way bi-amp powered loudspeaker, equipped with a 10-inch woofer and a 1.4-inch HF driver, and perfect for use in fixed installations. Combining a 700W amplifier module and high-performance DSP with the same high-grade plywood construction found on Yamaha's high-end DZR Series, the DHR10 offers best-in-class sound quality and durability.

DHR15

Powered Loudspeaker

The DHR15 is a 2-way bi-amp powered loudspeaker equipped with a 15-inch woofer and a 1.4-inch HF driver, perfect for use as a main speaker. Combining a 1000W amplifier and high-performance DSP with the same plywood construction found on Yamaha's high-end DZR Series, the DHR15 offers best-in-class sound quality and durability.

DHR12M

Powered Loudspeaker

The DHR12M is a 2-way bi-amp powered loudspeaker with a 12-inch woofer and a 1.75-inch HF driver in a space saving coaxial configuration, perfect for use as a floor monitor. Combining a 1000W amplifier and high performance DSP with the same plywood construction found on Yamaha's high-end DZR Series, the DHR12M offers best-in-class sound quality and durability.
